

FOLLOWING DAYS OF RAIN, THE CITY IS CL

BARRIER REMOVED — Earlier last week workmen were still cleaning on this section of Chevy Chase Drive above Cascadia. The road was closed from Cascadia to Kennington after a nine-day rain washed the roadway out in places, making it impassable. Combin-

ed efforts of the City of Glendale and Norco Construction Co. opened Chevy Chase from Cascadia to St. Andrews, removing this barrier. Chevy Chase, however, still is closed to all but residents and emergency vehicles from St. Andrews to Kennington.
